We're pleased to announce the 2019 NZSOLD ANCOLD Combined Conference – our 3-yearly New Zealand-Australia combined event. Join us this year in the City of Sails Auckland New Zealand. Visit our website <https://nzsoldancold2019.co.nz> for news and updates regarding the conference.

This year's event will be held at the Pullman Hotel in Auckland New Zealand from 9<sup>th</sup> – 12<sup>th</sup> October with a Pre-Conference Workshop on 9<sup>th</sup>, a two day conference on 10<sup>th</sup> & 11<sup>th</sup> October and a Post Conference Tour on the 12<sup>th</sup> October.

The conference organising team are well advanced in planning an exceptional event that provides delegates with an opportunity to learn, share their knowledge and network with others in the industry.

The conference theme *Resilient Dams for Resilient Communities* will encourage us to review our current state of practice, share best practice and explore the present and future challenges that we must work collaboratively to address. Resilience provides protection from potentially disastrous consequences and it enables us to recover quickly, limiting social, economic and environmental damages.

Here is the preview of what you can expect at this year's conference.
