KN-2022-050

Mar. 28th, 2022

Mr. Hiroyasu SUGIYAMA
President of Japan Commission on Large Dams

Dear Mr. Hiroyasu SUGIYAMA,

I hope this letter finds is in good health and spirits despite the Covid-19 pandemic.

On behalf of KNCOLD, it is my great honor to invite you to attend the 11th EADC to be held in Daejeon, Korea from August 31st to September 2nd, 2022.

Despite the ongoing COVID19, this year's conference will provide participants with a desirable platform to share our accumulated knowledge and experiences in the field of dam technologies.

I am pleased to suggest the main theme of the conference as follows:

◆ Theme: Current Issues and Innovative Solutions in Dam Engineering

◆ Topics:

- ① Carbon neutral technologies for mitigating climate change impacts
- ② Technology for securing longevity and structural performance of aging dams
- ③ Smart inspection and safety management against disaster impacts of dams
- ④ Innovative technologies and experience applicable to dam management and construction
- ⑤ Policy and governance in promoting sustainable dam projects

The conference will contribute to the development of dam-related industries and technology and providing participants with the opportunity to interact with professionals from governmental, academic and industrial sectors, and exchange scientific knowledge and experiences among participants from Eastern Asian countries.

For further information and inquiries, please contact our secretariat(admin@kncold.or.kr).

I look forward to seeing you at the 2022 EADC conference.

Best wishes to you and all the members of JCOLD for your continued safety and good health.

With warm regards,

Jae Hyeon PARK
President of Korea National Committee on Large Dams
